## **Extended Day Program Details**

Saint Catherine of Siena School offers an on-site Extended Day Program which runs from 2:20 - 6:00 p.m. most days that school is in session. This program provides an after school environment that is safe, warm and based on Gospel values.

### *Staff*

The two Directors of the Saint Catherine of Siena School Extended Day Program are teachers. They are uniquely aware of the developmental needs of our children. In addition to these dedicated women of faith, we have qualified teachers and aides and a student/teacher ratio of 10 to 1.

### *Daily Schedule*

After attendance is taken and the children have changed into play clothes, they may do art projects, crafts or outside play. This is followed by a snack. The children then start their homework and, if finished, may engage in free play, gym or computers.

### *Early Release/Unscheduled Days*

If a child is regularly scheduled to attend Extended Day on an early release day, there is no added charge. There is a charge of \$28 for an unscheduled early release day.

In case of family emergencies, children already enrolled in the Extended Day Program may add an unscheduled day. The charge for unscheduled days is \$20. Extended Day is NOT available on the following days: school vacations, no-school days, the day before Thanksgiving, Parent/Teacher Conference day, the day before Christmas vacation and the last day of the school year.
