

HASA Family Directory Data Update - Open!

www.scshasa.com

As we have adopted a Green methodology, going forward all directory information will now be collected online only.

No data is carried forth from the last directory.

Please use the link below to create an account. Once the account is confirmed, you will receive your logon information along with an invoice for HASA dues. As accounts are manually processed, please be aware there could be a delay in receiving these emails.

Please be sure to logon to your account to update the information for your child(ren) and to select whether you wish to be a room parent. Click on the **Change Password/Edit Profile** under **Useful Links**

Please be aware that this is a "garbage in-garbage out" system. We will not validate information you enter so please be sure the data is correct. You will be able to modify your entries until September 1st at which point we will send all information to be printed.
